

SCHOLARSHIP COMMITTEE REPORT 2022

Cindy Reed, Chair

Good morning. We do continue to see an increase in scholarship applications we have some very active DeMolay members, and they are quite intelligent as well. The committee did not concentrate on grades as much as they did the DeMolay activities the boys participated in. The basic criteria is their participation in chapter activities since they joined DeMolay. After their Chapter activities, then we look at community service then grades. Last year we awarded 42 scholarships for a total of \$40,000. This year we are increasing the number of scholarships awarded to 52 applicants due to the increase in funds available to close to \$46,000.

The committee received copies of the applications and scored them independently from each other. We then added scores together and the scholarships for this year are as follows:

We have had an increase of scholarships over the last three years that were submitted. However, part of that was due to Covid and many schools struggled through that. The last two years we have awarded smaller amounts on scholarships but was able to include more applicants. I would like to sincerely thank the committee for their great help and support this year. We congratulate each DeMolay member and wish them the best this coming year. Watch for the scholarship forms for next year and encourage your members to fill out completely and according to the guidelines on the back page of the scholarship application. Incomplete forms will not be accepted.

Respectfully and fraternally submitted,

Cindy Reed,
Committee Chair
